+1 (470) BEN C LEG (236-2534)

## Employment

RR Donnelley — Motif  
(Contract from July 2019 – October 2019)

### Software Architect

Defined the future architecture for the leading photo book software on macOS. Instituted standard practices across teams to bring development in-house and improve turnaround.

Worked back-and-forth with UI/UX leads to ensure a smooth and intuitive transition between operating system versions.

Ionic Security (2017 – 2019)  
Software Engineer III

Engineered user-facing file encryption and access software for macOS. Collaborated on a company-wide software platform to allow such client software to be made consistent on many other platforms, including macOS, Android, Windows, and iOS.

Worked closely with UI/UX team to hone the design of multiple company products, including graphics, animations, user flows, and overall experience.

Renewed Vision (2016 – 2017)  
macOS Software Engineer

Built industry-leading professional presentation software for macOS. Collaboratively created software platforms with open-source & proprietary tech: advanced auto font scaling, inspector, & animated grid item selector.

Designed dozens of icons & other graphics, user flows, interface approaches, animations, and more.

NCR — Small & Medium Business (2015 – 2016)  
Mobile Software Engineer

Built state-of-the-art point-of-sale software for iOS & Android. Implemented headlining features such as 64-bit support, EMV payments, scale-weighting of items, & future orders, including any hardware drivers necessary for these.

Worked alongside UI design team to revamp the system's look-and-feel.

University System of Georgia  
Information Technology Services  
(2015 – 2016)

### Web Developer & Designer

Redesigned & rebuilt ColumbusState.edu and dozens of sub-sites in HTML5+CSS3, with XSLT & PHP where needed. Made templates for CMS so teachers could build pages.

Invented, critiqued, and evolved design elements for CSU website. Designed pages for all schools of the University within a consistent theme.

## Tech Specs

### Swift

### Kotlin

### HTML 5

### CSS 4

### Sass / SCSS

### Learning New Skills

### macOS

### iOS

### Android

### JVM

### Web (Front-End)

### Frameworks / APIs

### Multithreading

### Networking

### Git

### Open-Source

### Architecture

### Agile

## Education

Columbus State University (2014)  
Bachelor of Science in Computer Science

## Design

### UI/UX

### Custom Controls

### Iconography

### Sketch

### Web Design

### Inkscape

### Print Design

### Logo Design
